IN COUNTY COURT 110 YEARS AGO

PRACTICE IN VOGUE AS SHOWN BY RECORDS MORE THAN CENTURY AGO.

November Called Court, 1806.
At a court of inquiry called and held at the Court House in Hartford on Saturday, the 8th day of November, 1806, for the examination of William Higgins, charged with hogstealing. Samuel McGrady, Thomas Moseley, Anthony Thomson, Esquires present.

The prisoner being brought to the bar in custody of the Sheriff and it being demanded of him whether he was guilty of the hogstealing and felony charge against him saith that he is in no wise guilty thereof. Whereupon sundry witnesses being sworn and examined as well on the behalf of the Commonwealth as of the prisoner at the bar and the prisoner being heard in his defence, it is the opinion of the court on mature deliberation that the said William Higgins is not guilty of the hogstealing and felony charged against him and proclamation being made as the manner is, and nothing further being alleged against him, it is therefore considered and ordered by the court that the said Higgins be thereof discharged and acquitted.

Ordered that the flesh of the hog now here produced in court as stolen by said Higgins be returned to him.

The court dissolved.

LATEST WAR NEWS

Monday.
Western Front.—The French have carried German positions east of Flaucourt on a front of two and a half miles and to a depth of from two-thirds of a mile to a mile and a third. They also have captured the village of Blaches, according to the official statement issued by the Paris War Office.

The British troops have made a "steady progress in the face of stubborn opposition" in the neighborhood of Avillers, on the Somme front. Two German counter attacks near the Bois des Trones were repulsed.

Eastern Front.—Important gains by the Russians are announced in the Petrograd War Office statement. In Southern Galicia the railway town of Delatyn has been captured. In the drive toward Kovel the Russians have taken two more villages. On the Lower Stokhod the Teutonic forces are retiring in great disorder.

Tuesday.
France.—In a brilliant attack the French have carried Hill 97, a height which dominates the Somme south-east of Blaches, according to the official statement issued by the French War Office. After the sixth desperate attack the Germans succeeded in entering Trones wood, according to the British official statement. This was at the expense of very heavy casualties, the statement adds, and the fighting in the wood continues.

Russia.—The German defense along the Stokhod River has been unable to stay the progress of the Russians, who have crossed the river at various points. The latest communication from the Russian general headquarters shows that the two opposing armies are in the midst of a terrific struggle for possession of the river.

Austria.—The fighting between the Italians and Austrians continues with undiminished fury, the Austrian report describing the repulse of Alpine forces, more than 800 Italian dead being left before the Austrian forces.

Wednesday.
France.—The capture of the whole of the Germans' first system of defense on a front of nearly eight miles, after ten days and nights of continuous fighting, is announced in the official report from British headquarters in France. The number of prisoners taken exceeds 7,500. The British have finally captured the fiercely contested town of Contalmaison after desperate day and night fighting and now are holding the

town against all the German counter attacks. The importance the Germans have attached to this position may be measured by the fact that they recently threw the Prussian Guards into the fighting at this point. The British also are in possession of the greater part of Mametz wood and have recaptured nearly the whole of Trones wood.

Eastern Front.—More than 271,000 prisoners have been taken during Gen. Brussiloff's drive on the Eastern front, according to an official report. The Russians now are within twenty miles of Kovel.

Thursday.
Western Front.—British forces yesterday, in the face of determined German attacks, gained control of the entire Mametz Wood, which was entered the previous night by the Germans. Progress north of the Somme also is reported. Following up their successes around Verdun, the Germans have launched a strong attack against Fort Souville. Assaults were made from the village of Fleury and the Chapitre and Vaux woods, in which Paris says the Germans lost heavily.

Russia.—The Russians report the capture of Mamakhatum, in Armenia, fifty miles west of Erzerum.

GERMAN SUBMARINE TO LOAD AND RETURN

Baltimore, July 12.—That plans are afoot to rapidly reload the submarine Deutschland and slip her out speedily on her return was indicated here to-night. A special permit was obtained for continuing the unloading to-night it is thought she will be ready to reload in the morning.

Simon N. Lake is said to have reached a satisfactory agreement with the owners of the Deutschland and abandoned his intention of libeling the vessel. Conference with agents of the Ocean Navigation company and Krupp Steel company gave rise to rumor that Lake had been invited to accept a position as consulting engineer for the company, engaging in the undersea trade.

The North German Lloyd has received from persons in all parts of the country offers running as high as \$50,000 for the privilege of taking passage on the submarine on her return trip.

"We have had letters from some persons," said a representative of the company, "who said that they would pay any price that we wanted. There was one \$50,000 offer, several of \$10,000, and virtually scores running from \$1,000 to \$5,000. These we have had to refuse; nearly all of them came from Americans. There are of course thousands of Germans in this country who would like to get back to their native land, but no passengers will be carried."

The fact that the tug Thomas F. Timmons went into dry dock today for repairs gave rise to rumors that she was getting ready to return to the Virginia capes to convoy into the Chesapeake, as she did the Deutschland, the submarine, Bremen, which is reported on her way. If the local agents have any knowledge of the date the Bremen is expected they are keeping the secret closely guarded.
